ROTARY PADDLE HANDLES

SPEP 46XR-series rotary paddle handles offer excellent security, reliability, and aesthetic for a wide variety of industrial access applications.

HIGHLIGHTS / FEATURES

- Smooth, secured, anti-vibration rotary action with dual-stage construction, plus solid film lube enhancements.
- Weather resistant capability with stainless steel material and ingress limitation design.
- Flush and ergonomic paddle style complements the look of any enclosure or compartment. Custom logo on paddle handle available.
- Hole-mount and stud-mount versions available.
- Intended to be used with Ø3/8" strikers (463S-series) and waterproof cam locks (K04JSS-series)
